

Ember Isnitio Conversations that Spark Growth

A Rose + Ember original micro-series designed to spotlight entrepreneurs, creators, and experts who spark growth through fresh ideas, creativity, and innovation. Each short-form episode shares valuable insights on marketing, e-commerce, mindset & small business strategy — made to educate, inspire, and ignite action among our audience of small business owners and creatives.

WHY COLLABORATE

- **Get in front of new audiences** — our network spans Australia, the U.S., Canada, and the U.K., with thousands of monthly views across YouTube, Instagram, Facebook, and TikTok.
- **Dual promotion** — each episode is shared across both our channels and yours, doubling exposure.
- **Timeless reach** — your feature lives on through our SEO-optimized blog (evergreen) and newsletter distribution.
- **Easy collaboration** — short, relaxed filming with an authentic, conversational tone to showcase you & your topic.
- **Professional content** — we handle production, editing, and graphics — you simply share your brilliance.

HOW IT WORKS

1. **Quick pre-call** to define your topic and key talking points.
2. **Filming session** (1–2 hr) either in person or virtually.
3. **We produce a polished reel** (90 sec – 3min each) optimised for IG/FB Reels, TikTok, and YouTube Shorts.
4. Reel is **published + embedded** in an SEO feature blog + email.
5. We **collab the post** to your channels for dual visibility.
6. **SMM follow up** with a pull-quote carousel or BTS reel (also collabed)

CONTENT
